

# Reach Out and Read South Dakota State Profile

*Reach Out and Read makes literacy promotion a standard part of pediatric primary care, so that children grow up with books and a love of reading.*

Reach Out and Read trains doctors and nurses to advise parents about the importance of reading aloud and to give books to children at pediatric check-ups from six months to five years to age, with a special focus on children growing up in poverty. By building on the unique relationship between parents and medical providers, Reach Out and Read helps families and communities encourage early literacy skills so children enter school prepared for success in reading.

## **ROR's National Impact**

- ROR programs are located in more than 2,000 hospitals and health centers in 50 District of Columbia, Guam and Puerto Rico
  - 2 million children participate in ROR annually
  - More than 3 million new, developmentally appropriate books are given to families annually
  - 24,000 physicians and nurses have been trained in ROR strategies of early literacy
- Reach Out and Read is endorsed by the American Academy of Pediatrics

## **ROR's Impact in South Dakota**

- 65 ROR clinical locations
